

# Body Magic

IT'S YOUR TURN to be a magician! Shock and amaze your friends and family with these cool body magic tricks!

## Floating Arms

1. Tell a friend that you can magically raise her arms without even touching her.
2. Tell her to stand in a doorway and press the backs of her hands as hard as she can against the doorframe while you slowly count to 25.
3. Now say some magic words and tell your friend to step out of the doorway and place her arms at her sides. Watch her arms float up!

## Penny Pick-Up

1. Place a penny on the floor in front of a friend. Ask him to pick it up without moving his feet or bending his knees.
2. Now tell him that he won't be able to do it again after you work your magic. Ask your friend to stand with his back to a wall, his feet together, and his heels against the wall.
3. Place the penny on the floor in front of his feet again, say some magic words, and tell him to try to pick it up. He won't be able to!
